## TECHNICAL SKILLS

HTML5, CSS3, JavaScript,  
Node.js, Express.js, React.js,  
MongoDB, Python3, Django,  
PostgreSQL, TypeScript, PHP

Hard-working and highly adaptable Software Engineer with experience in multiple fields including 5+ years of managerial experience in a small business environment, data entry, and 12+ years in customer service/support. I am a problem solver who is passionate about finding technological solutions to everyday problems presented in an aesthetically pleasing and user-friendly manner. My background in customer experience lends well to my goal of making software that is not only useful, but also accessible.
